

I am writing in support of Air 1, which is local frequency 96.3 (Wilmore-Lexington, KY). This station means alot to me, as it is music that I identify with and want to hear. It is more than just music, it is ministry. This area has a high population of people who listen to Air 1. Also, part of the station's purpose is to reach out to new people, and it cannot do that if it's frequency is taken away.

This station gets me through the day. Please don't take it away from me and others who feel the same.
